DCS takes a lot of time and effort to prepare communications for our families in a variety of ways and we sometimes have a lot of information to convey. Help your dancer be even more successful by taking a few minutes to read the information provided.

Weather Note: DCS typically follows Cherokee County Schools for weather, although we all know GA weather can be quite fickle! We may have snow in the morning but can have class by the afternoon thaw, so please be sure to check your messages when we have weather aware days.
